EGSC donation:

Through the donations of the International evening 2018, we were able to donate anatomy models, Samsung TVs, one Apple TV, three security cameras and benches for the students all worth about one million forints. Thank you to everyone who attended the International Evening and made this possible.

Anatomy Ceremony:

This year the Anatomy Ceremony will take place on **October 26th at 3pm** at the Pécs cemetery. Students from all years and programs are invited to pay their respect to the donors and their families.

PTE Surgical Society:

Are you interested in surgery? Then this is the society for you! The PTE Surgical Society organizes events such as Journal Clubs and talks which are open to all students. They also organize Skill Sessions where they prioritize their members. This year is the first year the PTE Surgical Society is in action and they have started the semester with three successful events, a skill session, a journal club and a guest speaker on 3D Printing and surgery and they have more to come. Follow them on Facebook for upcoming events, first of which is next week. And make sure to check out their Instagram page for tutorials!
